

Hello everyone!

We are getting very close to that time of year again, where the leaves fall as fast as heads leave shoulders (hopefully of the British persuasion)! Please be sure and tell your loved one's goodbye, and kiss the pups and kids one last time, because There Can Be Only One! It's almost here, Online Worlds!!

*THE ONLY ONLINE RULE(S) WE WILL BE USING IN ADDITION TO THE TYPE 2 RULES ARE AS FOLLOWS:*

- This is an honor system tourney.
- This is a Tier 2 Tourney. What does that mean. They are the rules outlined in this doc. Proxies legal even for Q's and Hilts. No Q's taken.
- Double elimination (unless you lose your head. Then you are eliminated)
- Due to the restriction of playing online AND time constraints, any card or effect that allows you to look at your opponent's ENTIRE Hand or Endurance is Nullified. Reveal Effects (up to 1 card), and looking at an opponent's Discard Pile are still permitted. If a Reveal effect says, Reveal 3 cards, you may only Reveal 1 card. (Due to time constraints, if you want to see an opponent's Discard Pile it is recommended to ask for a specific card. Eg, how many Evades are in your Discard Pile? Is Alertness in your Discard Pile? How many cards in total are in your Discard Pile? ONCE per turn ONLY.

You may use Immortals such as Sean Burns, Kane, and Alt Methos' ability. You may use the Immortal card but not the ability. You may use Michael Christian and any version of Amanda but may not use cards that reveal or look at an Opponent's hand or force your opponent to play open handed, due to time constraints. Eg, They Also Serve.

- Each game lasts for a duration of 40 minutes. When time is called, the current player finishes their turn as normal, and then End Game begins.
- **End Game** - We will be using End Game Enhanced found on page 55 of the online rules and page 88 of the mobile version rules. (For those that have been playing online, it's what we have been using)
- Suspended cards (AKA banned cards)
